

Cross account transfer authorization

By signing below, the owners of two different Cities Credit Union member numbers authorize cross account transfer capabilities. This authorization will allow the owner(s) on the FROM account to transfer funds to the accounts listed in the TO account section of this form.

This form authorizes a one-way transfer from one account to another. It is not reciprocal. The owner(s) of the FROM account will not have access to or information about the TO owner's account. If the TO member would like to transfer funds into the FROM member's account, another form must be filled out reversing the roles.

The account owners understand that the authorization only applies to transactions performed using the credit unions online banking service and will remain in effect until revoked by an owner of any of the accounts involved.

Cross account transfers "from"

Cities account #:

Member's last name

First name
